

\$100M FORWARD PURCHASE OF GOLD

ABA Resources Pty Ltd (ABA) has executed an A\$100 million Forward Purchase Contract for the delivery of gold commencing November 2022 through to November 2024.

The contracted payments are to be made in instalments over the next 12 months and this will allow ABA to continue with its' exploration and mine development programs; including the design, construction and commissioning of a production plant at Mount Wills Gold Mines.

ABA will also be pursuing other opportunities that have been identified, including the exploration of other mining interests in Victoria, and potential joint venture partnerships.

The successful finalisation of the Forward Purchase Contract was largely due to the significant quantities and high-grade reserves of gold already identified at ABA's Mount Wills Gold Mines project.
